

FIRM OVERVIEW

HGMA Consulting Group LLC is a management consultancy based in New Jersey. We help organizations make consequential decisions and carry them through to changes in how they operate. Advice is only useful if it survives implementation: recommendations must account for the people, systems, and constraints that determine whether a plan can be delivered. The firm is deliberately small; clients receive senior-level attention from the first conversation through delivery.

CORE COMPETENCIES

Strategy and Operating Model
Operations and Process Improvement
Organization, People and Change
Technology and Digital Advisory
